MILITARY FAMILIES MISSION

Josephine Juarez

Principal at Veterans
Memorial High School, TX

"When you have an Advanced Placement course, you don't have to worry as much about that transition, because it's nationwide. Our kids can jump right in to the course that they left behind, finish it here and test successfully."

REACHING FARTHER

With support from our funding partners, NMSI's Military Families Mission has extended its reach to 33 states across the nation.

Serving Success

Military readiness today depends on mission-focused Service Members who trust their children's schools. Readiness tomorrow will depend even more on Service Members with critical thinking, problem-solving and STEM-focused skills. NMSI's **Military Families Mission** empowers military-connected communities to meet the needs and support readiness now and in the future.

We've collaborated with **250+** military-connected schools,
supporting **100+** military installations, to achieve a
39% increase in college readiness¹ in math and science
after just one year in our program.

¹As defined by receiving a 2, 3, 4 or 5 on a math or science AP exam; based on available data for school years 2016-17 through 2018-19

Increase In Mastery of College-Level Math and Science Concepts from school years 2014-15 to 2018-19

(defined by earning a 3, 4 or 5 on an AP math or science exam)

Partners + Donors

NMSI proudly joins forces with the **Department of Defense** and other donors and partners to further STEM education, including:
